

BSAU ALUMNI ASSOCIATION NEWSLETTER: ISSUE 7 - APRIL 2017

BSAU ALUMNI ASSOCIATION

We CAN!

The month of March marched forward with fury..... Oppressive heat across India signalled the early arrival of a scorching summer.

The heat, coupled with final exams for students, made life even more challenging for all

However, things cooled down a bit towards the end of the month, atleast for the alumni who attended the first BUSINESS NETWORKING FORUM organised by our Alumni Association on the 25th of March 2017 at the Crescent School of Business. A focussed programme with an aim to promote businesses, this proved to be a preamble to the major event in August - The Global Entrepreneurship Meet.

Our UAE chapter had their first family day outing after formation of the chapter which saw the alumni bonding manifest across families.

The Month of April would have another first. The first ever "Welcome to the Alumni Association" event where the outgoing students would be invited into the Association and enlightened on the benefits to be accrued.

It would be our pleasure to hear from you all as well. We look forward to your suggestions to improve our Association and take it to the place where it rightly belongs.

We would also like to seek your support to increase the count of members in our association. Please do forward the details of your fellow alumni to us to communicate.

Do send us a mail on both the above to alumniassociation@basuniv.ac.in

Looking forward to being in touch.

CRESCENT ALUMNI BUSINESS NETWORKING FORUM

The first of its kind for our Alumni fraternity, the Crescent Alumni Business Networking Forum was held at the state-of-the-art premises of Crescent School of Business, Chennai on March 25, 2017. The evening witnessed a conglomeration of our enterprising Alumni from various batches who gathered for a common purpose - Business Networking. The air was filled with a feeling of camaraderie and there were instant connections with business cards being exchanged over High Tea. The formal event was even more engaging wherein each of the participating members introduced themselves and made audio-visual presentations about their business models. The members projected their respective product/service offerings and also highlighted about their expectations from other members to explore new business opportunities and to grow their businesses exponentially. The session concluded with feedback and suggestions from the members to help improve the future editions of the forum. The Alumni rejoiced nostalgic moments from the past over a sumptuous dinner.

UAE CHAPTER FAMILY GET TOGETHER

BSA Crescent University Alumni - UAE Chapter had a Family Get Together on 31st March 2017 at Mushrif Park in Dubai and more than 150 people attended the event. The event was fun filled and full of enjoyment for all members and their families and it provided great opportunities for everyone to meet families of the Alumni and strengthen the bondage among members to a

greater level. Many games were conducted, quiz program for the better halves as well as for the Alumni were also conducted. Skill tests for Kids, Ladies and Gents were conducted with a twist and ensured that all in the crowd had fun and enjoyed the time and won as many prizes as possible to make the day very special and memorable in their life.

It was indeed a great day in the history of UAE Chapter to have a

family event with this many number of attendees coming together and it was an opportunity to see many news faces who would have otherwise been just in the books of our Alumni.

The feeling of togetherness was felt with all joining together for a sumptuous lunch in the traditional way. All members attended the event liked it and felt very happy with the total arrangements, food and all the give aways arranged for the

events. The event wouldn't have been a success without the support of the Core organizing team who ensured and worked hard to see the success of the event. We would like to thank all those volunteers in addition to the organizing committee who toiled along with the team to keep the event going smooth.

Lastly we would like to thank all the members who supported the event with their attendance and also all the sponsors who provided us with fund and prizes for distribution.

STAFF OF THE MONTH

RECOUNTING FOND MEMORIES ...

DR.P.M.USHA RANI - DEAN, SCHOOL OF SOCIAL SCIENCES & HUMANITIES

Going down memory lane two years and three decades back, throws up vistas of golden moments I shall cherish and hold dear in my heart.

It was mid noon of a Sunday when a telegram brought home the news of my appointment as Lecturer in English at Saleh Kamel Crescent Engineering College, Vandalur (that was how the institution was initially christened). The telegram stated that I was to report for duty on 31 October, 1984. I reminisced my interview at Buhari Towers (which was unforgettable since the bus I was on broke down and I had to report late to Mr. Mohammed Ghouse, Office Superintendent). I took it as an harbinger, (a bad omen of my not getting selected) and also Prof. S. Peer Mohamed's response "You are our neighbour" when I informed that I was put up in Perungalathur. I was doubly careful that nothing should go amiss this time. I immediately came up with a plan of figuring out the exact location of the college to plan the travel in the pretext of visiting the Anna Zoological Park and the other landmark was the Crescent School.

I went along with my father on 31st October 1984). The General Manager Alhaj V.N.A. Jalal sir's affectionate care and hospitality was very reassuring and touching. There was a brief introduction of each other over a cup of tea and biscuits. There were about ten faculties from the department of English(2) Mathematics (2),

Physics(1), Chemistry(1) Civil(2), Mechanical(1) and Electrical Engineering(1) We were told that classes would have to be taken in three sheds until proper buildings were constructed. We were asked to leave quickly after taking lunch as the All India Radio had broadcast the assassination of the then Prime Minister Mrs. Indira Gandhi. Fortunately we reached home safe without any mishap. Well, that is how I commenced my career at Crescent.

Prof. S. Peer Mohamed was the principal under whose tutelage we were groomed in team skills. He roped in senior Professors to head the various departments and Professor Habibur Rahman, was the visiting Professor of English who ground us in the system of how an engineering college functions. Prof. Peer Mohamed would assign us the job of documenting news clippings on Science & Technology, Know Your English Column and would go through them on Wednesdays. He used to show keen interest in analyzing the pass percentage of girl students in +2 exam and admission into engineering streams. He gave me permission to study M.Phil degree.

Within a year or so there was a small foundation stone laying ceremony which began with the prayer of our founder's brother Mr. Thaikappa. , Professor S. Peer Mohamed, General Manager Alhaj V.N.A. Jalal, Treasurer Mr. Hasan, Mr. Sheik, Captain Amir Ali and soon after the current Electrical Sciences Block, Computer Science block and Crescent Business School block were constructed and were inaugurated by the then President Mr. Venkatraman. Branches like ECE and later, CSE were offered as new programmes. Then came ICE and Polymer Technology. The faculty and student community grew from strength to strength.

We the English faculties would assist in Admission process and can testify to the fact that there were parents who preferred to put their wards in Crescent Engineering College rather than Anna University because of the infrastructure and standard of teaching at "Crescent". That was the image and reputation of "Crescent" in the public's eye. What struck me most was the management's drive to take the institution constantly forward.

In 1996 Dr. Sathick became the director, he impressed upon us the importance of research as a

STAFF OF THE MONTH

dimension of Higher education and he encouraged us to do Ph.D. and publish papers. Plans were afoot to become autonomous. The faculty strength in English department expanded to four. From Dr. V. M. Periasamy the next principal we learnt academic discipline. The freedom of designing our own curriculum drove the institution to change its mind and become a university. With the introduction of Communication skills by Anna University, the department was equipped with Language Laboratory. Two more faculties were inducted. In 2009 the college was upgraded as a deemed to be university and this move steered the transformation from a college to a University with Dr. Kaniappan as the first Vice Chancellor. All the faculties were motivated by him to contribute to the three fold domains of a university namely Teaching, Research and Extension Services. He initiated the move of offering bridge course in English, Maths and Fundamentals of Computing to the lateral entry students joining in the second year. Simultaneously similar classes were offered to the freshers who got admitted into B.Tech programme. Gradually the faculty strength in the department rose to ten with a French hand to offer French as a language option. The department was recognized as a research department and the faculties with Ph.D qualification were offered supervisorship to guide scholars for Ph.D and M.Phil.

Then Padmashri Dr.J.A. K. Tareen took over as the second Vice Chancellor. He brought the various department into schools and also introduced Biotechnology as a course. Newer branches like Automobile and Aerospace Engineering several P.G. programmes were introduced. The university was accredited with “A” grade by NAAC. Open House Exhibition was conducted allowing the prospective students and parents to see the infrastructure and faculty in person.

The Mechanical Science Block was inaugurated. He envisioned the faculties to become authors and introduced the book writing project- Authors' Forum. In the teaching- learning front also changes were brought in like adoption of Outcome-based education and Project -based learning.

I rose to become the Head of the department of English (2012-15) and organized a one-day workshop 'Creativity in English Language Teaching' and another on "Drafting A Lesson- Plan: An OBTL Approach", two Two-day national conferences on "A Paradigm Shift in English Language Teaching /

Testing: A Literary/ Linguistic Perspective " & "Instructional Methods and Materials for Outcome-Based English Language Teaching". I also co-authored a book titled "Interactive English" which is revised annually and has been the course book for English for the B.Tech programme. After being elevated as a Dean, School of Social Sciences and Humanities in 2016 introduced French as a language option.

It is indeed true that "Good teachers know how to bring out the best in students". I had the good fortune of a few parents telling in person that their wards' are shaped well by we crescent teachers. Isn't this the best recognition a teacher can aspire for!. The unparalleled advantages of being a Teacher are you are not only constantly learning to keep yourself updated but also remain young and energetic in spirit because of your contact with students.

In short, every change in the management of the institution ushered in new ideologies and set new targets to achieve. I take this opportunity to place on record my heartfelt thanks for having grown professionally along with the institution. What strikes me most as unbeatable is the management's passionate drive to constantly take the institution forward. All the credit goes to the farsighted vision and proactive leadership of our chairman Mr. Abdul Qadir Abdul Rahman Buhari who with amazing energy and commitment, lays out the roadmap and sets newer benchmarks for our endeavours and achievements. Currently under the tenure of the new Vice Chancellor Prof. Sahol Hamid Bin Abu Bakar, the university is all poised to scale newer heights of success and achieve international acclaim.

What better ambassadors than the alumni to vouchsafe for the worth of studying in Crescent. Their active participation in the growth of institution consolidates the bonding and brings fond memories of the times gone by. They have come forward to collaborate and take their Alma mater forward. I wish each and every alumni professional success, good health and happy family life. I thank the Alumni President Mr. Sujit Tharakan for letting me pen down my thoughts and relive those happy moments encore!

Let me conclude with the words of Jim Rohn

"Successful people do what unsuccessful people are not willing to do. Don't wish it were easier; wish you were better."

ALUMNI – MY WALL

A UNIQUE INITIATIVE BY THE UAE CHAPTER

In November 2016 - Our UAE / GCC Chapter launched a new concept called 'My Wall' . The aim of this initiative is to understand more about Alumni members in the Association and what benefits can be shared . The " My Wall" Poster with the information about an Alumnus covering the following details would be shared on a weekly basis in all the BSA Crescent University Alumni WhatsApp groups in GCC Chapter, other Chapters globally and the Parent Alumni Association Newsletter.

1. Name, Batch, Branch and other Educational Qualifications.
2. Current Job, Roles & Responsibilities and Contact details.
3. His / Her - Job / Employment History or Business Details in case of an Entrepreneur.
4. What he can give / share with others and what he expects from the others.
5. His Passion and Hobby

This My Wall initiative has received great response and appreciation from the Alumni members.

My Wall -14

M.E .SYED ABBAS

BE – EEE, BATCH – 1996

Current Job Position: Sales Manager, Prime Link, Dubai.

Job Role: Sales Manager / Over all in charge of the division/decision making

Contact Numbers : 0097155 4036956

Email: mesyedabbas75@gmail.com

Employment History / Entrepreneur / Own Business / Investments :

- ❖ Hydromet India Pvt Ltd, Chennai, India 1996 -2002
- ❖ PSL Limited, Ghandidham, Gujarat, India – 2002– 2004
- ❖ Seaport Shipping, Chennai, India – 2004 -2008
- ❖ Prime Technologies, Abu Dhabi, UAE- 2008 – 2015
- ❖ Prime Link, Dubai, UAE- 2015 – Till Date

What Can I Give to Others :

- ❖ Products like Industrial & commercial UPS, Chargers, from NORCO,UK.
- ❖ Emergency Lighting system
- ❖ Batteries From C & D Technologies & ROCKET
- ❖ Will always refer other alumni members to people I meet and whom I am with strong relations .Like I can even market their product when getting opportunities , that they may be benefited .
- ❖ Business Links and contacts & Time for active Alumni gatherings.

What Do I Expect From Others:

- ❖ Business and Procurement Supports.
- ❖ Contacts in Oil & Gas sector.
- ❖ Working Together for Business Benefits
- ❖ Supports on Alumni Functions

Passion : To provide training to school students in sports activities in Hockey & Basket Ball.

My Wall - 15

MR. SIDIQ MOHAMED

BE – MECHANICAL, BATCH – 2007

PMP – PROJECT MANAGEMENT INSTITUTE – 2011

Current Job Position: Manager - Operations

Supertech Industries LLC, Sharjah, UAE & Pioneer Steel Contracting LLC

Job Role: Acquiring and managing Clients, overall operations of the company

DEPARTMENT OF COMPUTER APPLICATIONS

About the Department

The Department of Computer Applications has been offering Master of Computer Applications (MCA), B.Sc (Computer Science), B.C.A (Cloud Technologies & Information Security), B.C.A (Mobile Application & Information Security), BCA (Data Science) and Ph.D programmes. The Department has well qualified and experienced faculty members to enrich the quality of teaching and Research. The Department motivates staffs and students to promote Industry Institute Interaction and R & D activities. Along with that, the Department offers additional virtual lab classes, live classes, tutorial MOOC'S, online courses through MHRD's QEEE programme. The website and Internet services of the University are maintained by the Department of Computer Applications. In addition to regular teaching, the department organizes technical Seminars, Symposia, workshops, industrial visits, in-plant training to expose the students to the real world environment and to enable them to gain practical knowledge.

Salient Features of the department

- ⊙ Excellent placement in reputed Software industries like HCL, Infosys etc.,
- ⊙ Accredited by NBA since 2001.
- ⊙ Well -equipped laboratories with state-of-the-art computers and Campus with wifi facility.
- ⊙ Providing Information and Communication Technologies (ICT) enabled classes.
- ⊙ Live Lectures, Tutorials, Virtual Labs, Massive Open Online Courses (MOOC) under QEEE Programme.
- ⊙ Value added programs like CISCO-CCNA, Enterprise Architect Tool with SPARX and ORACLE-OCA.
- ⊙ Encouraging staffs and students to do NPTEL courses.

Research Thrust Areas and Working Group

Faculty	Areas of Research
Dr. P. Sheik Abdul Khader Mr. I. Sathik Ali Mr. M. Syed Masood	Networking and Mobile Computing
Dr. A. Jaya	Natural Language Processing, Cognitive Reasoning
Ms. S. Shahar Banu Dr. P.K. Nizar Banu Mr. K. Javubar Sathik Mr. A. Abdul Azeez Khan	Data and Knowledge Mining
Ms. G. Shree Devi	Image Processing
Dr. A. Anny Leema Ms. P. Padmavathy	RFID
Mr. A. Salman Ayaz Mr. R.Venkateswaran	Software Engineering
Ms. S. Prathiba	Cloud Computing

Staff Achievements

- Dr.P.Sheik Abdul Khader has produced 8 Ph.d scholars from various universities out of which five of them are our university teaching faculty.
- Mr. Abdul Azeez Khan and Mr. Javubar sathick completed NPTEL courses on “Modern Mobile Application development” during Nov 20 16.
- Dr.A.Jaya was judge for “ **Young Scientist Award**” to give middle and high school students a chance to win a trip to NASA organized by Hindu Daily at Hindustan University, Chennai
- Dr.A.Jaya, Dr. P.Sheik Abdul Khader, Mr.Salman Ayaz and Dr.Nizar Banu acted as resource persons in various workshops

Department Contribution towards the University

- Maintenance of University Data centre
- Website Updation
- Social Media Updation
- University Email Maintenance
- Campus Internet (Both wired and wireless)
- Supported for Online advertisement
- Supported for Online Entrance exam
- Supported for COE office
- Computer Maintenance Cell
- University Firewall Maintenance
- Taking care of University & B.Sc / MCA

Student Achievements

- **Dream Offer : Mr. Faizan Ahmad (2011-14 Batch)** was placed in the Sirius Computer Solutions and he was the **highest paid student of our University.**
- **Victory of Lime light: Ms. Salu** of Final year MCA **Won the Runners Up Position** in the **All India Inter University Ball Badminton Tournaments for Women 2016-17** organised by SRM University, the runners up in the All India level badminton tournament during Jan 2017.

Industry – Institute Interaction

- **Google Education** - A Workshop on Google Apps for Top Executives, HOD's, admins, Teaching Faculties and for other staff of our university was conducted.
- **Oracle Pvt. Ltd** - Oracle certified Associate training provided to our students
- **IBM** - Storage Area Network (SAN) Training was provided for students to prepare themselves for a great career in SAN storage and storage domain.
- **Ameex Technologies** - Project Internship and Placements was provided for final year students.
- **Hibrise Technologies** - Project Internship and Placements was provided for final year students. During Internship, students were encouraged to design and develop new products, mobile apps and games.
- **Sparx Systems** - Training was provided for the students and faculty of this university on the use of the Enterprise Architect software.
- **CISCO** - Cisco Certified Network Associate Training provided to more than 150 students of BSAU.

International Collaboration

- Dr. A. Jaya, in Collaboration with Dr. Junzo Watada, Waseda University, Japan organized a one day workshop on advances in Data and web mining during 9th February 2012 at B.S. Abdul Rahman University, Chennai
- Anny Leema, A. and M. Hemalatha, 2014 authored Chapter titled - Data Management Issues in RFID Applications in the book RFID Technology Integration for Business Performance Improvement. She is one of the contributors to the book, "RFID Technology Integration for Business Performance Improvement", with professor, In Lee, Ph.D, School of Computer Sciences, Western Illinois University, Macomb, IL USA.
- Dr. P. K. Nizar Banu has authored a paper titled "Feature Selection Using Swarm based Relative Reduct Technique for Fetal Heart Rate", Neural Computing Applications, Vol. 25, No(3-4) pp. 793 -806, 2014 with Dr. Ahmad Taher Azar, Cairo University, Egypt.

Under Distinguished Visitors - Department of Computer Applications

- Dr. Junzo Watadata, Professor, Waseda University visited and chaired a session in International workshop of advances in Data and Web Mining.
- Taiwan Professor visited data centre and interacted with faculty members of Department Computer Applications regarding collaborative research work.
- Dr. Albert Fassler, Bern University of Applied Sciences, Switzerland delivered key note address during CYBERCREST 2015.

Department Activities

- The Computer Application Association has been organising a national level technical symposium "CYBERCREST" every year since 2005. The PG and UG students of various colleges will be participating in the events such as Paper presentation, Debugging, Quiz etc.
- Club Activities:**
 - Android Club
 - Nature Club
- Computer Application Department has organized various workshops on "Website Development and Soft Skills", "Android and iOS programming", "Problem Solving and Soft skills", Google applications and soft skills
- Computer Application department organized a two national conferences on "Recent trends in Web technology" in the years 2009 and 2013

Faculty Achievements - Research Awards and Incentives

- Dr. P. Sheik Abdul Khader
- Dr. A. Jaya
- Dr. A. Anny Leema
- Dr. Nizar Banu
- Mr. K. Javubhar Sathick
- Mr. A. Abdul Azeez Khan

Upcoming Event

INVITATION

BSA CRESCENT UNIVERSITY ALUMNI - UAE Chapter
EDGE - Business Networking Meet

MEET PEOPLE
GENERATE
BUSINESS

Date and Venue for the 3rd Business Network Meeting:

Thursday the 27th April 2017 at Hyderabad House Restaurant, Behind Salaam Street - Tourist Club Area, Abu Dhabi, Timing 7.30pm - 10.00pm.
